Paint is to a Building

what clothing is to the body. It is just as important. You should take as much care in selecting the paint to clothe your property, as you do in selecting the material to clothe your person. Paint preserves the building. Paint gives beauty to the building. In painting the labor costs more than the paint. There will be a large waste if the right paint is not used.

THE SHERWIN-WILLIAMS PAINT

is made for painting buildings. It is not a low-priced paint, but it is cheap because the best. It is made of the purest materials—that wear the longest. The colors are bright and handsome.

BOLAND MAKES TWO ARRESTS

Deputy Sheriff Maurice Boland of San Mateo made two important arrests Wednesday. Herman Cohn, a nifty pickpocket, removed a gold watch and fob from the pocket of N. D. Hall while both were on the train on their way from San Jose to San Francisco. Boland was notified, and when the train arrived at San Mateo he boarded it and arrested his man. He was later taken to San Jose.

Sheriff Chatham was notified early on Wednesday that a horse thief was on his way to San Francisco with a horse and buggy having stolen the rig at San Jose. The Sheriff at once notified his deputy, Boland, of the theft and told him to keep a lookout for the offender. He lay in wait and soon landed his man and took him to San Jose.

WILL EXTEND RURAL DELIVERY

The Rural Delivery system may may be extended. Postoffice Inspector De La Montanya, was here all week making preparations to inspect the free rural delivery route. He will inspect the boxes and ascertain the exact distance traveled by the carrier. The department has been requested to extend the system and he will give this matter his attention. It is proposed to make two routes, one to include Fair Oaks and surrounding territory and to employ another carrier. If the inspector sees the necessity of such an extension he will recommend in his report to the department that the new route be established. The present route is the longest one in the United States carrying more pieces of mail than any other. It would be a great accommodation to the people of Fair Oaks and vicinity to have the system extended to include that territory.

TILTONS GO TO MONTEREY.

Misses Etta and Minnie Tilton left this week for Carmel-By-the-Sea Monterey county, where they will make their future home. Their former home on the Heights has been sold to a San Francisco lumber dealer who will enlarge the residence and also add to the grounds.

TRIBUTE TO DECEASED

To the Chiefs of Metamora Tribe, No. 24, I.o.r.m.: Your special memorial to our late brother Gevert Plump, present the following:

Again the swift arrow of the dark hunter has sped upon its way and we are called to mourn the loss of another of our loved chiefs. Brother Gevert Plump was born in the hunting grounds of Germany, on the 16th Sun of Beaver Moon G. S. D. 344. He was adopted into this tribe at its institution, on the sleep of the 20th Sun of Cold Moon G. S. D. 379, and his spirit departed to the mysterious and unknown hunting grounds on the 16th Sun, Worm Moon, G. S. D 416.

He was a faithful Redmen, and "the tongue of good report bears witness to his prowess." Honest, earnest and upright, his word was his bond. Of a genial, happy disposition, he was endeared to all his associates. Our hearts are sad in contemplation of his departure, and we deeply sympathize with his family in their sorrow. May the Great Spirit be kind to them in their grief and help them to bear patiently with their great loss.

As a tribute of respect to the memory of our departed brother we would ask that this memorial be inscribed upon the records of the tribe, a copy thereof forwarded to the bereaved family, and the council chamber darkened for the space of one Moon.

Done in Freedom, Friendship and Charity. Geo W. Lovie, J. J. Rogers, H. D. McGarvey, Committee.

LITIGATION OVER FLOOD.

A hard-fought lawsuit is likely to accur because of the flood waters in the vicinity of Whitney salt works. The Whitney people are said to have diverted the course of a creek from its natural channel, with the result that the Brewer and other buildings in that vicinity have been getting more than their share of water during the present flood. It is said a lawsuit for heavy damages will shortly be instituted against the Whitney people.—San Mateo Leader.

POMPEIAN MASSAGE CREAM

is today indispensable on the dressing table of gentlewoman or gentleman. Not only does a Pompeian Massage perfectly cleanse the skin, but it removes wrinkles and blackheads, takes out stiffness of the facial muscles, animates the tissues, and makes the flesh firm and solid. Men use Pompeian Cream after shaving—it flexes the muscles and takes away shaving soreness. Most women recognize the value of this preparation in maintaining a clear and healthy skin.

Death of Mrs. Louis Stelter.

The many friends of Mrs. Louis Stelter were shocked yesterday to hear that she had passed away at her home in San Francisco early in the morning. Mrs. Stelter was an old resident of Redwood City having come here with her husband about thirty years ago. They remained here until four years ago when they moved to the city. During her residence in Redwood City three daughters and one son were born to Mr. and Mrs. Stelter and they all grew up here, going through the local school. Mrs. Stelter was beloved by all who knew her and has many times lately spent a few days with her friends here. The death of her daughter Edith last year was a blow to her from which she never fully recovered. She was also burned out during the great fire in San Francisco and the shock of that probably helped to break her former health.

She was a native of Germany and leaves to mourn her a loving husband, two daughters, Mrs. Robert Dannenburg and Miss Florence Stelter, and one son Adolph. The remains will be brought to Redwood for interment and placed to rest in the family plot in Union cemetery.

G. Plymire. The health of the county has been fair for the past month, I have issued, including those issued by H G. Plymire, 589 burial permits for which I collected $589, and no disinterment permits, making a total of $589 turned over to the county treasurer. Three cases of diphtheria and one of scarlet fever have been reported, and the same quarantined and fumigated. Several nuisances have been reported and the same abated.

A petition of Amelia Oliver for a rebate of $48 on the unused portion of her liquor license heretofore issued to her husband, since deceased, to do business at Menlo Park, which business has been disposed of to William Warren, was presented and on motion of MacBain seconded by Eckerenkotter was granted.

On motion of Debenedetti seconded by MacBain, the petition of O Bianchini of South San Francisco, for a rebate of $78 on the unused portion of his liquor license was granted and the Auditor authorized to draw a warrant for said sum.

The matter of allowing rebates on licenses was discussed at some length District Attorney Bullock was consulted. He stated that, in his opinion, no one had the right to a rebate on liquor licenses; that such rebates were granted solely by courtesy of the Board.

Thereupon it was ordered, upon motion of Blackburn seconded by Supervisor MacBain, that from hence forward no rebates should be allowed on any retail liquor license.

James Regan, an indigent person of the Fourth Township, applied for aid and on motion of Debenedetti seconded by MacBain the applicant was allowed aid in the sum of $8 per month.

The State Promotion Committee wrote that an excellent article had been written for one of its publications by Paul Pinkney of San Mateo, descriptive of the county, and it was desired the article be published in the Times-Gazette, the official paper.

A communication was read from M. King stating that nearly sixteen months ago Mr. C. E. Dugan was given 8 months to remove certain obstructions from a roadway at Belmont and obstructions were not removed and he asked that the board take some action, Mr. Dugan was cited to appear, but he was not in town, the matter went over to the next meeting of the Board.

Mr. J. R. Ingston appeared before the Board in responce to citation issued by said Board at its last regular meeting, to show cause why he should not contribute to the support of his wife, now an inmate of the County Hospital.

After discussion it was agreed that said Kingston contribute $20 per month from and after April 1, 1907 to aid in the support of his said wife until such time as bether arrangements can be made.

Mr. Kingston volunteered to pay $20 a month and the Board thought this a liberal offer.

MacBain said that the work of securing shelves for the law books at the Court room at Odd Fellow's hall had been completed.

This being the time appointed to take up the application of W. R. Bartley for a franchise to supply the town of Halfmoon Bay with wter, Jas. T. O'Keefe appeared for the applicant and asked that said matter go over for one month. On motion of Debenedetti seconded by Blackburn the request was granted.

MacBain explained that this was the day set for the Board of Engineers, who were appointed at the last meeting to appear and receive instructions. The gentlemen were presented. MacBain further explained that the object of the Board of engineers was to go over certain main roads of the County and give an estimate of the cost of permanently improving them. Chairman Coleman expressed his opinion that if the roads in the incorporated towns would not get their proportion of the money to be raised by the proposed bond issue, he doubted if the election would carry.

The discussion regarding the proposed bond issue was continued and Mr. Geo. C. Rhes and District Attorney Bullock said that they believed that the incorporated towns along the route of the Camino Real, would be required to assume their portion of the tax, as well as the burden they already bear for street improvement, and Supervisor Eckerenkotter said that as the county at large was benefitted, those towns would also be similarly fortunate, and should pay their pro rata with the balance of the county.

Mr. Ross impressed upon the Board the necessity of ascertaining the actual sum needed to do the proposed work. If it were too much the matter should be dropped, but on the contrary if in reasonable bounds a vigorous campaign ought to be made for good roads. Wm. Ham. Hall, Prof Marx and J. B. Leonard all addressed the Board. They said that no estimate could be given until they first went over the roads. They thought that after a careful inspection a report could be given. On motion of MacBain seconded by Blackburn County Surveyor James Neuman was added to the Board of Engineers.

After discussion it was agreed that the Engineers meet the Board of Supervisors next Monday at 9:00 o'clock at the San Francisco and San Mateo County line and then proceed to view the County Road southward to the line dividing the County of San Mateo from the County of Santa Clara.

The tax Collector requested the Board under the provisions of Section 3805 of the Political Code, to order the certain corrections made in Certificates and Deeds that they may conform to the Assessment Roll.

On motion of Debenedetti seconded by Blackburn an adjournment was taken to Thursday, April 4th, at which time the plans and specifications for the new Court House will be further considered.

THURSDAY'S MEETING.

Meeting called to order by chairman Coleman. All the Supervisors were present.

R. N. Bailey who applied for a licenses at the last meeting to do business at Menlo Park was refunded $120, the license having been granted to Duncan Frazer.

The Auditor was instructed to draw his warrant in favor of Geraldine E. Frisbie for $9.75, the amount of personal taxes paid by error to the Tax Collector.

C. D. Hayward was instructed to employ the County Surveyor to prepare maps for the Assessor's office.

This being the day set for further considering the plans and specifications for the new Court House the chairman announced that such business was now in order. The plan of Glenn Allen and Will D. Shea were discussed. MacBain said the plans and specifications of Allen were not full enough and there was not sufficient detail. He would not vote for any plan that was not full and complete. The other members seemed to be of the same frame of mind. It was agreed that Allen's plans be accepted conditionally that they be amended to suit the Board.

After discussion of the plans of Allen and William D. Shea it was moved by Supervisor Debenedetti and seconded by Supervisor Blackburn that the plans and specifications of Glenn Allen appearing to the Board to be the most satisfactory that they be accepted on condition that above named architect make such changes in his plans and specifications as will meet with the approval and be to the entire satisfaction of the Board.

The motion was duly put and carried.

It was moved by Debenedetti and seconded by Blackburn that the chairman appoint a committee of three from the Board to consult with architect Allen as to making such change in the above referred to plans as necessary by said committee. The motion being duly put and carried, the chairman appointed Supervisors Debenedetti, MacBain and Eckerenkotter assuch committee with instructions to report at the next regular meeting of the Board.

Supervisor MacBain called attention to the condition of the bridge on Middlefield Road; stating that the Santa Clara County end of said bridge was in poor repair, and that he had received a letter from the Santa Clara County authorities in which they agreed to pay half the expense of putting said bridge in good repair.

After discussion it was ordered that Supervisor MacBain confer with the District Attorney and if he found that this county was liable to half the cost of such repair, to have same made at once as an emergency case.

Cloud has been to San Francisco on three different occasions to see the different agencies and has also telephoned the Normal Schools and has been unable to secure teachers. There are two vacancies on the Coast side and the schools are closed for the want of school marms. The reason for the scarcity is the poor salaries paid by the trustees. TOWN COUNCIL MEETS.

Monday evening the Board of Town Trustees held their regular meeting.

A petition from the property holders along Roosevelt avenue was received requesting that the avenue be macadamized its full length. The petition was filed.

The broom on the street sweeping machine was reported as being out out of order and the superintendent was directed to have it repaired.

The street supertendent was directed to notify property holders along Main and Mound streets to lay sidewalks according to the ordinance passed by the board. Those on Main stree to be of cement, and on Mound ofeither cement of oiled rock. Four months time was allowed to complete the work after which time the board will take action to have the work done and charged to the property-holders.

On motion of Trustee Foley, the street superentendent was ordered to disconnect the Redwood City Water Company's pipe from the main at Stambaugh street and connect direct with the tanks for the purpose of having a register of the water used so as to learn why there is no income from water that is purchased at 10 cent and sold at 30 cents per thousand gallons.

It was agreed to meet at the city attorneys office later and discuss the matter of improving the streets.

Ordinance 64 preventing the digging and sale of clams within the city limits was passed and ordered published.

The map which had been ordered during the term of the late W. B Gilbert as city engineer, was completed by James V. Neumom, and turned over to the town and accepted by the board.

NEW STATE GAME REGULATIONS.

The duck season will open on the 1st of October, bag limit has been reduced to thirty-five.

The trout season will open May 1st, but will run two weeks later, Nov. 15th.

The deer season will open two weeks earlier, July 15th, instead of August 1st, and will close no the 1st of October, instead of October 15th. The use of dogs has been prohibited.

There has also been a hunting license bill passed and signed by the governor, which requires every man who hunts any of the protected game to pay a license fee. If he is a resident of the State, he must pay a license of $1; if he be a non-resident he isrequired to take out a $10 license; if he is an alien, a license of $25. This later question will cut out all the aliens, who shoot all kinds of creatures from the county roads on Sunday. This law will be effective on the 1st of July, 1907.

The dove season will run from the 15th of July to the 15th of October.

NO THEATRE TAIN.

E. Shillingburger the district freight and passenger agent of the Southern Pacific stated recently that there was no likelihood of the theatre train being added to the train schedule while the city theatres are at their present location. Under present conditions a train leaving the city at 11:30 or 12 o'clock would be of mouse to local theatergoers, for the reason that the Chutes and other playhouses are all so far away from the station that it would be impossible for patrons to make the trip across the city in time to catch the train. If the leaving hour were made still later, few would care to make the trip, which would bring them into Redwood at 2 or 3 o'clock in the morning Mr. Schillingburger assures the public, however, that when the cutoff is in operation a new train schedule will be adopted that will meet with the wants of the company's patrons.
